To Whom It May Concern:

I am very pleased to write this letter of recommendation for Eduard Grubman. Eduard and I have worked together at MYSALE Group for approximately a year and I have found him to be conscientious and very hard working.

Eduard has an extreme knack for delving into difficult situations and coming up with new and innovative ways to make it easier as well as better for the company. In his role as Purchase Order Coordinator/International Buyer's Support at MYSALE Group, he came across many challenges; his reason for becoming so successful in meeting all the "tests" that came his way was his ability to take the process we had, simplify and streamline it, making it accessible and efficient for everyone.

During the time I have worked with Eduard, I have had the opportunity to observe his interpersonal style – he is a pleasant individual who believes in achieving the goals you set out for. He is always willing to help whenever needed and is very supportive, providing positive motivation to those who seek it. I would describe him as a dedicated and inventive individual, who has a great understanding of any job you give him. Eduard is an excellent example of an employee who can multitask efficiently due to his superior organizational skills.

I fully recommend Eduard for a position within your company, as I am confident of his ability to undertake even the most complex of work. Please feel free to call me at 661.877.8317 if you would like me to further elaborate on Eduard's skills.

Kindest Regards,

Kiah Robotham (Merchandise Assistant) MYSALE Group
